The St. Francis Pledge

Scientists tell us our growing energy consumption and waste is leaving a bigger carbon footprint which means more climate change. Here and around the world, it is the poor who will be hit hardest with more droughts, floods, hunger and joblessness. As faithful Catholics, we have a moral obligation to care for both Creation and the poor.

In conjunction with the Feast of St. Francis on October 4:

All across our country, Catholics are taking the St. Francis Pledge to Care for Creation and the Poor and joining the Catholic Climate Covenant. The St. Francis Pledge is a promise and a commitment by Catholic individuals, families, parishes, organizations and institutions to live our faith by protecting God's Creation and advocating on behalf of people in poverty who face the harshest impacts of global climate change. To join the Covenant, you commit to act on each of the five elements of the Pledge.

The St. Francis Pledge

I/We Pledge to:

PRAY and reflect on the duty to care for God's Creation and protect the poor and vulnerable.

LEARN about and educate others on the causes and moral dimensions of climate change.

ASSESS how we-as individuals and in our families, parishes and other affiliations-contribute to climate change by our own energy use, consumption, waste, etc.

ACT to change our choices and behaviors to reduce the ways we contribute to climate change.

ADVOCATE for Catholic principles and priorities in climate change discussions and decisions, especially as they impact those who are poor and vulnerable.
